

What is claimed is:

1. A dermatological composition for topically treating dermatological conditions comprising:

5 (a) an avermectin compound in an amount effective to treat transient acantholytic dermatitis, acne miliaris necrotica, acne varioliformis, perioral dermatitis, acneiform eruptions, acne vulgaris, or seborrheic dermatitis; said effective amount being in a concentration range from about 0.05% to about 0.5% (w/v); and

10 (b) a pharmaceutically acceptable carrier.

2. The dermatological composition of Claim 1, wherein said avermectin compound comprises avermectin, avermectin derivatives, ivermectin, or ivermectin derivatives.

15

3. The dermatological composition of Claim 2, wherein said avermectin compound is ivermectin.

4. The dermatological composition of Claim 3, wherein said ivermectin
20 is in a concentration of about 0.075%.

5. The dermatological composition of Claim 1, wherein said pharmaceutically acceptable carrier comprises water, glycols, alcohols, lotions, creams, gels, emulsions, sprays, shampoos, soaps, body washes, facial

cleanser, and facial masks.

6. A dermatological composition for topically treating dermatological conditions comprising:

5 (a) an avermectin compound in an amount effective to treat transient acantholytic dermatitis, acne miliaris necrotica, acne varioliformis, perioral dermatitis, acneiform eruptions, acne vulgaris, or seborrheic dermatitis; said effective amount being in a concentration range from about 0.05% to about 8% (w/v); and

10 (b) a carrier selected from the group consisting of shampoos, soaps, body washes, facial cleanser, and facial masks.

7. A kit for topically treating dermatological conditions comprising a dermatological composition comprising an avermectin compound in an amount
15 effective to treat transient acantholytic dermatitis, acne miliaris necrotica, acne varioliformis, perioral dermatitis, acneiform eruptions, acne vulgaris, or seborrheic dermatitis, integrated in one form selected from the group consisting of medicated tape, topical dressing, dermal patch, and cleansing tissue.

20 8. The kit of Claim 7, wherein said effective amount is in a concentration range from about 0.05% to about 0.5% (w/v).

9. The kit of Claim 8, wherein said avermectin compound comprises avermectin, avermectin derivatives, ivermectin, or ivermectin derivatives.

10. The kit of Claim 9, wherein said avermectin compound is ivermectin.
